**October**

October is here, and Autumn has officially arrived, along with cooler temperatures. After a much-needed monsoon season, the ponds are full with water and certainly the nitrogen added to the overall health of the golf course. We'd like to thank all the Members for your cooperation in using cart path only on hole number eighteen which was hit hard by Pythium following the summer monsoons. Nick and his crew were proactive in addressing the Pythium problem, which affected more on the back nine as it is the lowest part of the golf course and has more tree cover.

Monday, September 27<sup>th</sup> was our last Greens Aerification until next spring. Thank you all for your patience and understanding. Aerification is the process by which holes are put into the greens to allow air to be able to get into the soil beneath the green. This aeration process is needed when the soil beneath the surface of the green becomes compacted. When the soil is compacted, the grass roots struggle to breathe.

The days are getting much shorter, as such the first tee time will be at 7:30 am if there are no frost delays. New Golf Shop Hours: 7 am – 4:30 pm daily. Restaurant hours will remain the same, Redwoods Grill Open Daily: 11 am – 7 pm. October Karaoke will be Thursday, October 14<sup>th</sup> & SCARY-OKE SPECIAL on SATURDAY, October 30<sup>th</sup> 5 pm – 8 pm. Come out in your best Halloween costume and have some spooky fun.

Pool will close for the season on Monday, October 4<sup>th</sup>, pickle ball and tennis courts will remain open for the winter.

As our summer season is coming to an end and cooler temperatures are arriving, a number of our summer Members are heading south for the winter. On behalf of Prescott Golf Club Staff, we thank you for a FUN & EXCITING summer!

Ron Moler and his team continue to improve your dining experience with us at Redwoods Grill while adding new and exciting items to the menu. If you haven't been able to join us for a dining experience, please come and join us for a fun night with friends, great service, and great food.

Those members that still wish to use a credit card to pay for your memberships' statements can do so; however, there will be an additional fee added to the cost. In the coming months, we will be sending out new forms to each Member to complete and return to the golf shop, to allow us adequate time to convert each members account to ACH.

## Golf Tip of the Month - Mike Wright, PGA

### Losing Your Swing – Losing your “Feel”

The saying “I’ve got it”, “I had it”, “I lost it”, is no doubt familiar to you. I refer to it as the golfer’s epitaph. It is especially applicable when it comes to describing that elusive quality every swing needs “Feel”. Golf is such a fickle game. Your swing may feel good one day but be gone the next even though you are playing with the same key thought(s). Your rhythm vanishes without a trace, the club weighs a ton, you lose distance any number of things can suddenly be gone. If this all sounds horribly familiar, do not worry. A problem befalls even the best players. Any one of a number of things can cause it; you name it, a change in weather, rushing onto the first tee, a bad night’s sleep, playing with a long hitter anything. Only one thing for sure whatever the reason for this sudden loss of feel all manner of bad shots results. As frustration sets in the happy frame of mind you may have enjoyed only yesterday is a distant memory. Various thoughts on recapturing feel. First off, do not be too hard on yourself when your feel deserts you. It happens to everyone. You just have to realize that your golf swing will to some degree vary from day to day, week to week. That is what makes golf the great game it is. What you need is an emergency checklist so that when things do start to go sour you can quickly go about getting back on track. Here are a few ideas. **Start with your fundamentals:** Check your grip, posture and alignment. Any problems there will affect your swing and your feel. **Make the most of your experience:** What did you work on the last time you lost your swing? Fall back on that knowledge. Check for signs of any old faults. Often without realizing, its old habits have a tendency to come back and haunt you. **Take your mind off hitting the ball:** Think more in terms of making a fluent swing. Make a few practice swings with your eyes closed. Feel the weight of the club head and sense your rhythm and balance. **Force yourself to “Club-up” out on the course:** If you find yourself in a situation that would normally call for a 5 iron, play an easy 4-iron instead. Swing within yourself at about three-quarter pace until you start to hit the ball solidly again. Once you recapture your feel, remember to write down your most successful swing-keys when you are playing well. Then you can refer back to them the next time your swing is off.

Please feel free to call the Pro Shop with specific questions about any of our upcoming events (928) 772-8984.

We look forward to seeing you at Prescott Golf Club, Redwoods Grill & Big Mig's Patio!
